---

**Keeping up with the maintenance of your Rultract is essential to prolong the life of your system.**

### **Rultract® repair department offers two services: standard and priority.**

**Standard service:** Averages 3-4 business days after Rultract® receives authorization for repair.

**Priority service:** Rultract® offers a maximum 48-hour turn around after receipt of repair authorization for an additional \$75.00 charge. To ensure priority service, notify Rultract® before shipping. Ship via overnight freight to arrive at Rultract® by 10:30am EST. We will evaluate your equipment and submit a repair cost and time estimate to the contact person. After receipt of authorization, Rultract® will ship your repair within 24-48 hours depending on the amount of equipment and extent of repairs.

## **CAUTION:**

**If your system has not been serviced in the past 12-18 months it is due. Using an outside service vendor puts the hospital and patient at risk. Any modification or alteration by the end user or outside service vendor will void all existing warranties and release Rultract from any liability.**
